6 We're there to take orders from Trump. What we know so far is that he said to be there. That's all we know for sure at this point.

If Trump knows things would go his way on the 6th, then it helps to have a party in DC to reduce the news sweeping the counting under the rug and pretend Biden won.

DC is the worst place in the world to start this...the worst. Trump is going to announce his 2024, how about he clarifies what he expects?
